

## Enhance™ Heavy Duty Diesel Engine Oil

### Description:

Enhance™ Heavy Duty Diesel Engine Oils combine high quality base oils with high performance additives to provide superb performance in the areas of detergency and dispersancy and protection against wear, rust, corrosion and high temperature thickening.

These premium heavy-duty engine oils are formulated for use in applications calling for API CF (10W) and CF, CF-2 (SAE 30, SAE 40, SAE 50). They will find applications for use in both turbo-charged and naturally aspired diesel engines. They meet the requirements of 2-cycle diesel engines made before 2007. SAE 10W and SAE 30 are also suitable for use in applications calling for CAT TO-2, they are also suitable for use in transmission applications calling for Allison C-4 specification. These engine oils are not suitable for use in EGR equipped diesel engines manufactured after 2007.

### Typical Properties:

### Benefits:

- Resists Breakdown Under High Temperatures
- Maintains Oil Pressure Under Heavy Load Conditions
- Outstanding Rust and Corrosion Protection
- Excellent Wear Protection
- Low Sulfated Ash Content Minimizes Deposits
