

Enhance™ Hi-Temp EP Lithium Complex Grease 2

Description:

Enhance™ Hi-Temp EP Lithium Complex Grease is a premium quality, lithium complex multi-purpose grease. This product is recommended for fleet commercial, automotive, and industrial applications. The primary application is in high temperature operations such as wheel bearings on vehicles equipped with conventional, disc and antilock braking systems. This grease will protect wheel bearings on cars, trucks, buses, vans and farm equipment with disc brakes, even under heavy loads and shock loading.

Enhance™ Hi-Temp EP Lithium Complex Grease eliminates the need to inventory other greases, as it may be used in wheel bearings, ball joints, U-joints, chassis, fifth wheels, king pins, as well as industrial bearings.

Benefits:

- Premium Quality Lithium Complex, Extreme Pressure (EP) Grease
- Outstanding Protection in Wet Environments
- "Tacky", Stay in Place Formula Makes It Excellent for Fifth Wheels
- Superior Wheel Bearing and Chassis Performance
- Superior Protection to Lubricate a Wide Variety of Severe Duty Automotive, Trucking, Industrial, Mining and Construction Equipment

Typical Properties:

Enhance™ Hi-Temp EP Lithium Complex Grease 2	
NLGI Consistency Number	2
Thickener	Lithium Complex
Texture	Smooth, Tacky
Color	Red
Worked 60 Penetration, D-217	265-295
Dropping Point, D-566, °F (°C)	>500 (>260)
Wheel Bearing Leakage, D-4290, g loss	2.0
Timken EP Test, OK Load, lbs	60
Rust Prevention, D-1743, rating	Pass
Oil Separation, D-1742, % loss	1.0
Water Washout, D-1264, % loss	2.5 @175°F
Four-Ball Wear, D-2266, mm	0.45
Four-Ball EP Weld Point, D-2596, kgf	315
Four-Ball Load Wear Index, D-2596, kgf	50
